The graduate student hereby declares that he or she is willing to participate in the Helmholtz Graduate School Environmental Health (HELENA). Yes No

In case you do not agree with the above-mentioned, please do explain the reason:

The co-operation is oriented around the five values of the Center, respect, integrity, ability to work in a team, responsibility and willingness to perform. The graduate student shall make a short working plan and time table within the first six weeks, in co-ordination with the Tutors, which will be submitted to the Human Resources Department. Within the annual meetings with the personal Thesis Committee, a comparison with the working plan and time table will be carried out in order to evaluate the target and current performance, taking as a basis the progress report on the doctoral student. Reasons for changes of direction will be identified and, if necessary, the working plan will be adjusted or amended.

The Tutors are ready to support the above-mentioned thesis. This Agreement for Support of Graduate Students is accepted and is made between the following persons:
